

Vikings, Become the Legend

The **Stone Circle Expansion** includes the **White Lodose Clan**. It requires the Vikings Core Set to play, increases the number of possible players by 1, and may be combined with any other Expansion Set for a recommended 1 to 5 players. End Game remains the same.

The Stone Circle captures the spirit of the Picts which often proved problematic to the raiding Vikings. The Picts held true to ancient Gods and were harder to conquer and meld cultures with. The Grey Stone Circle represents that physical link to the Ancient Gods and has great meaning and great power for those primitive peoples.

Set-Up

1. Place the Grey Stone Circle Token on the game board in Pict Land.
2. Place 1 Temporary Warrior on all Pict villages, not including settled villages.
3. All Pict Villages also gain +1 Temporary Warrior to all Warrior Resistance Cards.
4. **Note:** When this option is used Automa may not draw the Picts for their "first Raid and Settle Mission".
